

Using GPS

If you have a sat-nav, then the journey is quite simple. Our postcode is accurate on most up-to-date Sat-Navs. Just remember that we are the turn-in at the very top of the hill on Wheeley Road.

In your Car

If travelling by car, then you will more than likely approach us via the M42. Exit the M42 at junction 2 and head north towards Hopwood along the A441. Take the first exit at the next roundabout. Then you can either drive through Barnt Green or Alvechurch to reach us. Just remember that we are the turn-in at the very top of the hill on Wheeley Road.

On the Train

If travelling on the train then both Barnt Green and Alvechurch stations are situated about a mile away from us. We don't recommend you walk along the country roads to us from the station, so if you decide to travel on the train, let us know and when you arrive, someone from the office will come and pick you up. Both stations are easily accessible from either Birmingham New Street or Redditch Train Stations.

This is where we are located

This is the turn into Wheeley Ridge from Wheeley Road
